Dear Jane,

We need your help to plan for transportation improvements in Chicago. The Chicago Metropolitan Agency for Planning (CMAP) is putting together a new plan for guiding future growth and transportation investment in the greater Chicago region. As part of this plan's development, CMAP is reaching out to residents of Chicago to participate in our Travel Tracker Survey. By sharing your household's travel characteristics with us, we can better plan for transportation improvements to meet your needs.

**Survey conducted by NuStats
on behalf of:**

*Chicago Metropolitan Agency
for Planning (CMAP)*

The **Travel Tracker Survey** will collect information about your daily activities and travel. The survey results will be used to plan a future transportation system that will improve air quality, manage congestion, provide new access to jobs and improve the quality of life in our region.

What are we asking of you?

- 1) In the next few days, you will receive a phone call between 5 and 9 p.m. to confirm your participation. An interviewer from NuStats, a nationally recognized survey research firm (www.nustats.com), will call to answer any of your questions and also to
